Canopus Advc-300 Mac Software

Dec 24, 2010 The ADVC-300 is capable of all feature adjustments from the panel buttons (see manual).. That given, your issue is with the ADVC-300 specific 'Picture Controller 300' remote control software and whether it works with Win7 64bit.

1. canopus advc software
2. canopus advc-55 software
3. canopus advc 110 video capture software

I agree with others here that WinDV is the most reliable capture/transfer software for DV source including any ADVC.
